

This February:

Care Enough To Share!

Do you have friends, family members, or co-workers who are suffering? Just give them this card. It only takes a second to make a difference in someone's life—**care enough to share!**

This month, if they bring this card into our office, they'll receive a complete diagnostic evaluation (and x-rays, if needed) **for only \$14!** This would include everything they'd need to see if we can help them onto the road to recovery.

Call Dr. Davis at 515-292-4988 to schedule an appointment TODAY!
